WINDOORS

# FRAMING EXCELLENCE, GLAZING THE FUTURE

India's Smartest Aluminium & UPVC Window and Door Solutions

# INTRODUCTION

Welcome to ALUFRAME WINDOORS — Your Partner in Modern Architectural Elegance.

At ALUFRAME WINDOORS, we specialize in crafting high-performance aluminium windows and doors that redefine spaces with style, strength, and sustainability. Our products are a perfect blend of innovation and aesthetics, offering sleek designs, superior insulation, and long-lasting durability. Whether it's for homes, commercial buildings, or high-end architectural projects, ALUFRAME WINDOORS delivers customized solutions that meet the highest standards of quality and craftsmanship. Explore our wide range of aluminium sliding systems, casement windows, folding doors, and more — engineered to enhance natural light, ensure security, and elevate the overall appeal of any space.

A large, floor-to-ceiling aluminium sliding door system with multiple glass panes, offering a view of a lush green landscape. The door is partially open, revealing a modern interior space with a grey armchair and a potted plant.A white uPVC door with a large glass panel, set within a white frame. The door is slightly ajar, showing a glimpse of the interior. The background is a soft, out-of-focus view of a garden.

# UPVC DOORS & WINDOWS

UPVC (Unplasticized Polyvinyl Chloride) doors and windows offer excellent thermal insulation, soundproofing, and durability. Ideal for residential, commercial, and institutional spaces, our UPVC systems come in a variety of designs suited for Indian weather conditions.

- MODERN
- ENERGY EFFICIENT
- MAINTENANCE-FREE

# PRODUCT CATEGORIES

## 1. Sliding Systems

Sleek and space-saving, perfect for balconies, patios, and wide openings.

- **Two track Sliding:**

Two-panel design with one fixed and one movable sash. Best for standard balconies.

- **Three track Sliding:**

Allows three shutters to slide; good for larger openings and enhanced ventilation.

- **Multi-Track Sliding (4 or 6):**

Designed for large-scale openings like commercial facades or villas.

## 2. Casement Windows

- Ideal for bedrooms, bathrooms, and kitchens.
- Offers airtight sealing and high insulation.
- Available as single or double sash systems.

## 3. Fixed Windows

Non-operable, glass-only windows for aesthetics and natural lighting.

## 4. Tilt & Turn Windows

Dual-function windows that tilt at the top for ventilation or swing open inward.

- Stylish and secure; preferred for modern homes.

## 5. Combination Windows

Custom designs combining fixed, casement, and sliding for unique architectural needs.

## 6. UPVC Doors

- **Sliding Doors:**  
Perfect for patios, balconies.

- **Casement Doors:**  
Elegant doors for main entrances or balconies.

- **French Doors:**

Double sash with large glass panes for elegance and openness.

- **Bathroom door:**

Single sash, compact design with full water resistance perfect for humid spaces.

# ALUMINIUM DOORS & WINDOWS

Our aluminium range is ideal for those who want sleek designs, narrow sightlines, and high strength. With thermal break options and powder-coated finishes, these systems are ideal for premium homes and commercial spaces.

- SLIMLINE
- STRONG
- ELEGANT

# PRODUCT CATEGORIES
